RUBY ROLLINGS

Hello my name is Ruby Rollings. I am a member of the Trinidad Rancheria. I have lived on the Trinidad Rancheria for over 50 years. I have served on the United Indian Health board for 30 years as an elected community representative and a Tribal representative. My interest in health care for all our native people is to get the best care we can have. Health care for the complete family. To improve access to dental, medical, vision and behavioral health. I will work hard for all the people in Area 2 doing the best job I can do. Thank you for your vote.

LISA SUNDBERG

I would be honored to serve on the board for another term. I've taken this position seriously to bring quality health care services to our community. I've taken this time to understand how our funds get generated from the federal government as well as how we generate funds internally so we can not only protect health care for our members but also find ways to improve and expand services to our community. I've done this by serving on the Executive Board as Secretary and Treasurer, the Finance Committee and Governing Documents Committee as well as other committees to ensure we improve our foundation and maximize revenues.

This will be my third year lobbying Congress to ensure we receive our fair share of facilities funding and holding Congress accountable to California's allocation so we can expand our facilities to serve the needs of our community.

NICOL RINDELS-HARPER

My name is Nicol Rindels-Harper, I am a member of the Trinidad Rancheria. Thank you for the opportunity to apply for Candidacy. I feel confident that I am a great fit for Area 2 Board of Directors. I do not take this candidacy lightly as our health care system is of the utmost importance.

I have held management positions for last 10 years, I was previously the food manager for Cher-Ae Heights Casino. While employed I always took great pride in my integrity which has allowed me to gain respect from my employees, colleagues, and customers. In my experience I have learned to accurately project budgets, initiate fair policy, train employees, keep statistic and financial reports, cost analysis, plan menus ordering. One of my successes for me professionally is the relationship I built with the health department and Indian Health Services, in keeping in compliance with health and safety codes.

I appreciate the opportunity to apply for this position. It would be a great honor to work for my native community, while achieving the highest goal possible. Sincerely, Nicol Rindels-Harper
