SUSAN MASTEN

During the past three years I have been working hard to bring quality health care to our elders, children and families. Our Clinic needs to offer the best care to each of you. It is also my priority to ensure that each clinic site in Del Norte, Smith River, Crescent City and Klamath offer Dental, Medical and Behavioral Health Services. You deserve to have these services where you live and work. We are currently working to institutionalize at clinic mode to ensure that we accomplish this goal. I have also, ensured that we enforce Indian preference in hiring quality employees. That means Indian candidates are interviewed and hired first. Giving our native people an advantage in the hiring process at our clinic. I'm currently working on getting a client advocate to assist Elders and families with health care, medicine orders, appointments and discussions with doctors.

Many changes have occurred to improve services to you. Not as fast as I would like but, we are getting there. I would like the opportunity to continue to work for you. If you have any question or would like to provide suggestions to improve our health care service, please feel free to call me at (707) 951-2891
